**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin M. Mason on November 09, 2005.

The application has been amended as follows:

***In The Claims***

16. (Currently Amended) A method for receiving multimedia data in a wireless packet network comprising the steps of:

processing said multimedia data to determine if said multimedia data is properly received; and

forwarding payload error information with said multimedia data, received from a Radio Link Protocol (RLP) layer, to a higher layer by a User Datagram Protocol (UDP) layer.

38. (Currently Amended) A system for receiving multimedia data in a wireless packet network comprising:

a memory for storing computer readable code; and

a processor operatively coupled to said memory, said processor configured to:

process said multimedia data to determine if said multimedia data is properly received;  
and

forward payload error information with said multimedia data, received from a Radio Link  
Protocol (RLP) layer, to a higher layer by a User Datagram Protocol (UDP) layer.

***Allowable Subject Matter***

2. Claims 1-44 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest receiving and forwarding payload error information with multimedia media from a Radio Link Protocol (RLP) layer by the User Datagram Protocol (UDP) layer to a higher layer, as specified in independent claims 1, 16, 24, and 38.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
